

Call for Papers

Second Annual MaTax Conference

Mannheim, October 1 – 2, 2015

The second edition of the Annual MaTax Conference will take place in Mannheim on **October 1 and 2, 2015**. We invite submissions on all topics broadly related to tax research, including papers from economics, law, political science, and other disciplines, as well as interdisciplinary contributions. The conference focuses particularly on applied and empirical papers related to business and individual taxation, tax avoidance and evasion, behavioural responses to taxation, tax harmonisation in the European Union, political economy of taxation, international taxation, tax law, and taxation of the financial sector. Last year's conference programme can be found at <http://www.zew.de/matax2014>.

We are pleased to announce that Mihir Desai (Harvard) will be giving a keynote speech. The conference is organised by the Leibniz ScienceCampus "MannheimTaxation" (short: MaTax), a joint initiative of the University of Mannheim and the Centre for European Economic Research (ZEW). MaTax aims to foster high-quality research in the broad field of taxation and provides a platform to bring together researchers from various tax disciplines. Please visit <http://www.matax.eu> for more information on MaTax.

Scientific Committee
