SEEK/CEPR Workshop on

News, Sentiment, and Confidence in Fluctuations

March 5 – 6, 2012, ZEW Mannheim, Germany

We invite submissions for the SEEK/CEPR Workshop on “News, Sentiment, and Confidence in Fluctuations”. The objective of the workshop is to discuss recent scientific contributions in the subject area and to provide a platform for an exchange of ideas within a small group of researchers. Late-stage PhD students as well as young post-docs are particularly welcome to submit papers for presentation.

The workshop is organised within the framework of the research programme “Strengthening Efficiency and Competitiveness in the European Knowledge Economies” (SEEK) by the Centre for European Economic Research (ZEW) in Mannheim (Germany), the University of British Columbia in Vancouver (Canada), the Toulouse School of Economics (France), and the Centre for Economic Policy Research (CEPR) in London (United Kingdom). The workshop will include both invited and contributed presenters. A round table discussion on the policy implications of the subject area will close the workshop.

Submission and Participation Details

Please submit extended abstracts or full papers as PDF to seymen@zew.de no later than February 1, 2012. Travel and accommodation expenses of presenters will be covered by SEEK.

A limited number of non-presenters will be invited to attend. To apply, please send your CV along with information on your research area to seymen@zew.de no later than February 24, 2012. Please note that compensation for travel and accommodation expenses is not available to non-presenters.

No participation fee will be charged.
