

Information letter for the replacement of refrigeration units

(Not yet the voucher)

You have received an energy savings check (Check ID _____). You are now able to obtain a voucher to buy a new, high-efficiency refrigeration unit from 1 April 2023 up until February 2026.

If you replace your old refrigeration unit, you will save around ____ euros in electricity costs.

If you replace your old refrigeration unit, **you can receive a voucher for ____ euros.**

My checklist for refrigerator replacement:

Step 1: FIRST choose your new refrigeration unit, THEN call our project location.

- Call the location for the voucher. **The voucher will be valid for 2 months** and cannot be extended.
- The refund cannot exceed the purchase price of the refrigeration unit. Transport and delivery costs will not be refunded.
 - Document: **Voucher**

Step 2: FIRST collect voucher, THEN buy new refrigeration unit

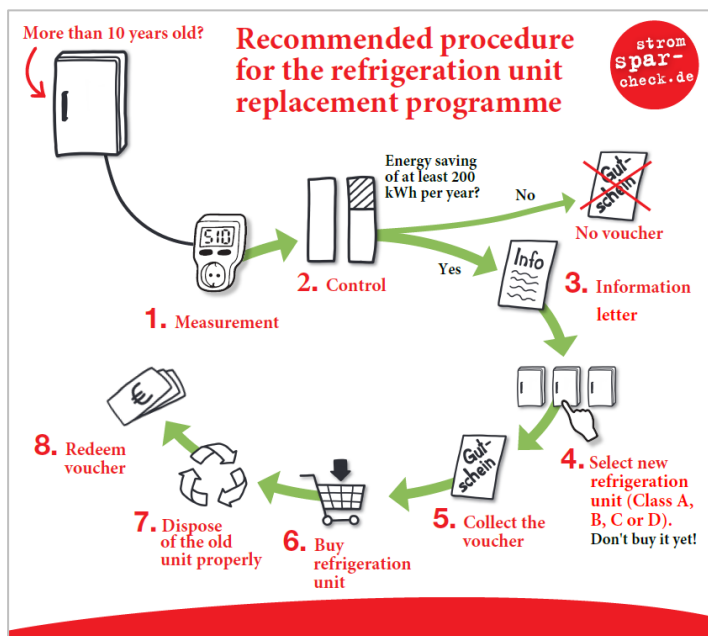

- The new refrigeration unit must have an **energy efficiency label of class A, B, C or D** and must consume a **maximum of ____ kWh** per year. The purchase date must fall within the voucher's period of validity!
 - Document: proof of purchase (invoice/receipt)
 - Document: EU energy efficiency label (sticker) for the new refrigeration unit

Step 3: Dispose of the old refrigeration unit in a properly and verifiably

- Document: Proof of disposal (certificate or receipt)

Step 4: Pay off the voucher

- Bring these documents with you:
 - the voucher,
 - the proof of disposal,
 - the proof of purchase,
 - the EU energy efficiency label (sticker),
 - the identity card or passport and, if applicable, the bank account information.

If you have any questions about exchanging your refrigeration unit, please call our project location or pay it a visit.
