Competition and Innovation Summer School

Turunç/Marmaris (Turkey), May 26 – 31, 2014

This workshop offers young researchers within the fields of the economics of innovation and competition the opportunity to intensively discuss their dissertation projects within a peer group of experienced and renowned scholars, as well as other PhD students and postdoc researchers in an inspiring environment.

Scientific Programme

The Summer School features lectures that provide students with detailed knowledge on current topics of innovation, the economics of science and intellectual property rights, empirical competition analysis and contemporary issues in theories of industrial organization. Students' presentations and workshops on research methodologies take place in the afternoon.
