

// INVITATION AND CALL FOR PAPERS

ZEW-FDZ DATA USER WORKSHOP

19 – 20 November 2019 · Mannheim, Germany

The 2nd ZEW-FDZ user workshop will take place on **November 19 and 20, 2019** at **ZEW – Leibniz Centre for European Economic Research in Mannheim**.

The ZEW Research Data Centre (ZEW-FDZ) provides external researchers access to research data collected by ZEW. Since 1996, more than 380 external researchers have made use of ZEW survey data. The most frequently used data are the Mannheim Innovation Panel (MIP) – the German part of the Community Innovation Survey – and the IAB/ZEW Start-up Panel. Other available data set can be found at www.zew.de/zew-fdz.

The workshop aims at stimulating the exchange among users and between users and the ZEW survey teams. It also addresses particularities of ZEW (panel) surveys. The workshop will provide an opportunity for stimulating discussions on topics and questions for future surveys. ZEW would also like to invite all data users to put forward critical comments and suggestions for the improvement of ZEW survey data.

The workshop welcomes papers on any aspect of entrepreneurship, firm dynamics or innovation. The workshop is also open to papers on methods related to survey data or which provide stimulating ideas for future data collection.

SUBMISSION DEADLINE: 1 May 2019

As a regular user of ZEW survey data, you are kindly invited to attend this workshop and to present your research using the ZEW data set. Please send a full paper or an extended abstract to sandra.gottschalk@zew.de before **May 1, 2019**.
