

Call for Papers

International Conference The Economics of Charitable Giving

October 8-9, 2009 in Mannheim, Germany

Organized by: Centre for European Economic Research, Department of Corporate Taxation and Public Finance; Karlsruhe Institute of Technology, Department of Public Finance and Public Management

On October 8th and 9th, 2009, we arrange a conference on “The Economics of Charitable Giving” at the ZEW (Centre for European Economic Research) in Mannheim. We hope to assemble some of the most reputed researchers on that field as well as some innovative young researchers.

We invite you to contribute to the program with a paper in the context of charitable giving. The scope of the event is wide, econometric and experimental approaches to voluntary giving are equally welcome as are theoretical models. The focus may be, for example, on the individual donor, the charity and its activities, or on incentives set by the government.

Paper Submission Procedure: Individual proposals for the congress containing an extended abstract or the completed paper should be sent as an attachment in an e-mail message, to be received no later than July 31st 2009, to: charity-conference@zew.de

Acceptance of proposals will be notified before August 15th, 2009.

Completed papers will be required before September 18th, 2009, and will be posted on <http://www.zew.de/charity2009>. The website will periodically provide updated information regarding the congress.
