Financing SMEs, entrepreneurs and innovators,
Directorate General for Enterprise and Industry
European Commission

Current project

Removing obstacles to cross-border venture capital investments:

http://ec.europa.eu/enterprise/entrepreneurship/financing/investing_across_border.htm

Ulla Hudina has been for the past three years extensively working on issues related to access to finance, notably venture capital funding as alternative and increasingly important external source for SMEs. Prior to her joining to Directorate General for Enterprise and Industry, she was working for the European Commission Delegation in Slovenia as economic adviser. She also gained experience in working for international department in a commercial bank. Ulla Hudina holds a Master of European Economic Studies of College of Europe, Bruges.
