Research - Oslo

Programme

March 6, 2013

10:30	<i>Opening of Registration</i>
11:00 – 11:15	Welcome Andreas Löschel
11:15 – 12:00	tba Edgar Hertwich
12:00 – 12:45	Regional inequality and embodied emissions flow in China Dabo Guan
12:45 – 14:00	<i>Lunch break</i>
14:00 – 14:45	From quantification to implementation: Is there a role for consumption-based policy instruments in climate policy? Glen Peters
14:45 – 15:30	Embodied emissions and international climate policy - are there options for fresh policy approaches? Susanne Dröge
15:30 – 16:15	tba Giovanni Baiocchi
16:15 – 16:45	<i>Coffee break</i>
16:45 – 17:30	Climate policy and vertical specialization in multi-stage production processes Andreas Löschel
17:30 – 18:15	Towards a just and cost-effective climate policy: On the relevance and implications of deciding between a production versus consumption based approach Karl Steininger
18.15 – 19.00	Distributive fairness - Including consumption in a mutual recognition approach Arild Underdal
19:30	<i>Dinner</i>

March 7, 2013

09:00 – 09:45	The strategic value of embodied carbon tariffs Jared C. Carbone
09:45 – 10:30	Real-life applications of consumption-based thinking Jim Skea
10:30 – 11:00	<i>Coffee break</i>
11:00 – 11:45	How much would the Kyoto Protocol have cost consumers? Erik Dietzenbacher
11:45 – 12:30	Kyoto and carbon leakage: An empirical analysis of the carbon content of bilateral trade Gabriel Felbermayr
12:30 – 12:45	Summary Glen Peters
12:45	<i>Lunch buffet and farewell reception</i>
13:45	<i>Departure</i> <i>Sightseeing Castle of Mannheim (optional)</i>
