## Economic Modelling Workshop 2007 Economic Evaluation of Climate, Labour Market and Pension Policies

In applied economic research, numerical simulation models play an important role for the impact assessment of economic policy reforms. Complex economic questions can be investigated systematically and consistently with the help of numerical models in cases where analytical solutions are not available or cannot deliver information sufficiently relevant to the problem. For this reason, numerical models such as computable general equilibrium models are being more and more used by a large number of research institutes and international organizations. They allow the simulation of sectoral and overall economic effects triggered by policy interference in many domains such as fiscal policy, trade policy, or environmental policy. This year's EMW gives an overview of applications in climate, labour market and pension policies. After a description of the basic theoretical background, appropriate stylized simulation models and the implementation of different policy measures will be discussed.

### Target Group

Members of the scientific and business community who are involved in the economic evaluation of tax policy measures. Participants should be familiar with textbook microeconomic theory.

### Benefits

You will receive an introduction to state-of-the-art applied general equilibrium analysis of climate, labour market and pension policies. Starting from basic theory, by the use of selected examples you will learn how to implement and analyse economic policy reforms in an applied general equilibrium framework. You will be informed in advance about the most relevant literature in the field. In addition, you will receive complete course documentation.

### Seminar Date and Location

13-14, June 2007, Landesvertretung Baden Württemberg bei der Europäischen Union, Rue Belliard 60-62, 1040 Brussels

### Seminar Fee

The seminar fee is EUR 750,- (plus Belgian VAT).

### Programme Wednesday, June 13, 2007

**Tutor:** Prof. Dr. Christoph Böhringer,  
University of Oldenburg

09:30 - 11:00	Welcome and general aspects of CGE
11:00 - 11:15	Coffee break
11:15 - 12:45	General aspects of CGE
12:45 - 14:00	Lunch break
14:00 - 15:30	Application: climate policy
15:30 - 15:45	Coffee break
15:45 - 17:30	Application: climate policy

### Programme Thursday, June 14, 2007

**Tutors:** Dr. Stefan Boeters, Netherlands Bureau for  
Economic Policy Analysis, Den Haag  
Dr. Sabine Jokisch, ZEW

09:30 - 11:00	<b>Application: demographic developments and pension reform</b> Dr. Sabine Jokisch
11:00 - 11:15	Coffee break
11:15 - 12:45	<b>Application: demographic developments and pension reform</b> Dr. Sabine Jokisch
12:45 - 14:00	Lunch break
14:00 - 15:30	<b>Application: labour markets</b> Dr. Stefan Boeters
15:30 - 15:45	Coffee break
15:45 - 17:30	<b>Application: labour markets</b> Dr. Stefan Boeters

### Tutors

- Prof. Dr. Christoph Böhringer, University of Oldenburg
- Dr. Stefan Boeters, Netherlands Bureau for Economic Policy Analysis, Den Haag
- Dr. Sabine Jokisch, ZEW

## Seminar Fee

The seminar fee is EUR 750,- (plus Belgian VAT). The seminar fee includes refreshments as well as lunch on all complete seminar days. Teaching materials are also included in the price.

## Discount System

If several persons of an institution book the same seminar, ZEW will grant a discount of 10% on the regular seminar fee for the second and each subsequent participant. A single participant who simultaneously books more than one seminar will receive a discount of 10% on the regular fee for the second and each subsequent seminar. These discounts do not apply to half-day seminars. Members of universities, universities of applied sciences (Fachhochschulen) and non-university research institutes (Leibniz Gemeinschaft) as well as employees of federal and state ministries or agencies from Germany receive a discount of 30% on the seminar fees. Please note that these individual discounts are not cumulative. All prices are subject to an additional Belgian VAT.

## Organisation of the seminar

In case of questions concerning the organisation of the seminar please contact:

Vera Pauli

Telephone: 0049 (0)621/1235-240,

Fax: 0049 (0)621/1235-224

E-mail: pauli@zew.de

## Terms and Conditions

Please send this form as a fax to the following number: +49(0)621/123-224. You can also register via internet ([www.zew.de/professionaltraining.de](http://www.zew.de/professionaltraining.de)). Once an application is received, it is considered binding.

In the event of cancellation 14 days or less before the start of the seminar, the full participation fee applies. For cancellations before this deadline, we charge an administrative fee of EUR 50 plus 7% VAT (as of Aug 1, 2006). Cancellation must be submitted in written form. If you are unable to attend in person, another person may take part on your behalf.

The ZEW reserves the right to cancel the seminar in the case of certain unexpected events, for example illness of the lecturer or insufficient number of participants. In this event any fees paid will be refunded.

## Hotel

If you need accommodation please contact Vera Pauli.
